METAL BENCH 144 MS

Bench with backrest made out of certified wood and high-quality metal. Electro-galvanized and powder coat protects the metal from corrosion and increases its performance. A special coating is applied to the wooden planks, which protects them from aggressive weather conditions and prolongs their life. The elements connecting the individual structures are from stainless steel. Metal and wooden components have different color combinations. The bench equally complements the spaces in front of modern buildings, work premises, public stations, ports, airports and has a ...
