## **METAL PLANTER 295-TS**

Refreshing vision and ecological awareness meet in \*\*model 295\*\*. This metal planter is a true example of contemporary design, combining the durability of \*\*stainless steel\*\* with the natural beauty of wood. The wooden elements can be made from traditional wood – spruce, or \*\*eco-friendly Resysta® wood\*\*. This innovative material, developed in Germany, offers a \*\*\_15-year warranty\_\*\* against cracks and delamination, provided by the wood manufacturer. Planter model 295 is ideal for larger projects, where a variety of plants can be combined to create a pictur ...
